Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-agges), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exemp-frem taxation as personal property. "It is necessary in order to treat headaches properly to understand the causes
which produce the affection" says Dr. J.
W. Ray of Blockton, Ala. Continuing,
he says: "Physicians cannot even begin
the treatment of a disease without knowing what causes give rise to it, and we
must remember that headache is to be
treated according to the same rule. We
must not only be particular to give a
remedy intended to counteract the cause
which produces the headaches, but we
must also give a remedy to relieve the
pain until the cause of trouble has been
removed. To answer this purpose Antikamnia Tablets will be found a most
convenient and satisfactory remedy.
One tablet every one to three hours
